Thelma A. Conrad
Thelma Athleen, aged one year and six months, died at the home of the parents, Mr. and Mrs. B. Conrad at Prairie Hill, March 6. The child is survived by parents and two brothers. The funeral was held at Ashbury Chapel conducted by Rev. Steiman of Dalton.

Makes Big Purchase
Alex Long of Saline county was in the K. C. market the latter part of last week and bought a bunch of 213 head of 1000 lb. cattle. This was the largest purchase of the week for individuals. The cattle went to Mr. Long's big blue grass farm at Malta Bend and will be fed for a while until grass is in condition.

Buying Cattle
Those who have been waiting for the price of cattle to lower at the Kansas City market for the purpose of getting cheap feeders have not realized their ambition yet but are buying anyhow. The trade last week was good. There were some heavy feeders taken out but the larger number were carload lots of small stuff weighing about six or seven hundred pounds this being greatly in demand. The country buyers were strong as usual and got the pick of the feeding stuff.

The Forty Year Test
An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief - it cures. For sale by all dealers.

No March Haircuts
If you see a fellow who usually has hair cut short but is wearing it a little longer this month, you may rest assured that he believes in common with quite a few here that it is bad luck to have a hair cut during March. The belief, or rather, superstition is that if one gets his hair cut during March he will die ere another March has rolled around. There are plenty of people who have not died under these conditions but there are still quite a few who stick to the old belief. Hence there is a shortage of haircuts this month at the local barber shops.

More of Fire
It is believed that the firm of Knight & Rucker will rebuild on the site of the fire as soon as arrangements can be made. The firm carried \$24,800 insurance, \$17,000 on stock and the remainder on the building. Dr. Rucker carried \$900 insurance his office he made arrangements at once to get new equipment and arranged to reopen for business in the room over the post-office. The firm of Knight & Rucker have taken quarters at present in the Toben building one door east of the Rucker Sisters' store and will be there until other arrangements are perfected.

Pie Party
A most enjoyable entertainment was held at the Agee school house southeast of town last Friday night. The pupils of the school together with some out side friends contributed each a pie - just any kind, but all good. A spelling match was the leader on the program, Miss Elua Allega pro and Miss Mary Herring con, dividing the house. Both leaders claim to have won the contest. Auctioning of pies next John Stephenson, spieler and getting as high as a dollar a pie puts him in a high class. The proceeds went to the school library, then a good time until a late hour.

The Rothville Bee says that the people of that town are going to vote for the sidewalk from the town to the railway station.

Col. W. H. Dulaney of Hannibal, who died recently, left \$3000. to the First Christian church of that city of which he was a member.

Yellow Creek township secured 81 signatures to the petition for the consolidation of schools in that district and have filed with the county superintendent of schools.

The friends of T. D. Jones a farmer of Livingston county are trying to prevail on him to make the Congressional race against Hon. W. W. Rucker. Mr. Jones has not yet signified his intention of entering the arena.

Mr. and Mrs. William Sage of Chicago, both over 90 years of age were killed by an electric car they were trying to board, this week. They got in front of the car and did not "step lively." It seems that this is about the only way to get rid of some people.

There has been a steady pop-pop of guns in this vicinity, especially all toward the Dalton and Cutoff neighborhood since the ducks came in. It is reported that Federal officers took three Moberly men from the Cutoff last week and hustled them through to Jefferson City to appear before the Federal court but the report was not authenticated last week. The law is one that is going to be hard to enforce.

Dr. J. S. Wallace came down town Thursday morning, wearing a big fur overcoat. On his head was a thin, close fitting skull cap, the only "skypiece" he had left after the big fire Wednesday morning. But "Doc" evidently didn't like the combination, as he headed for a hat store to replenish his stock of headgear. - Brunswick.

Saturday was a fine summery day and proved a good one for business according to the reports of the merchants. Sunday was another fine day and the churches had a good turnout as many got out to enjoy the weather as well as the services.

The statement published by the Bank of Keytesville last week is one that the bank has reason to be proud of. The business does not do the largest business in the country but the report shows that the items of interest contained therein are nicely balanced from the banker's standpoint, that of volume of business with relation to safety for those transacting business with it.

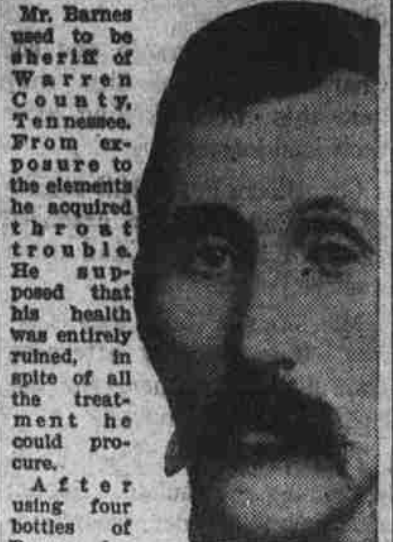

Our account of the burning of the Knight & Rucker tri-store at Brunswick last week, was correct in the main and complimented by the interested parties. The insurance was \$9000 on the buildings and \$15,000 on stock and the salvage was about \$3000 out of a stock invoicing over \$40,000, the net loss to the firm being not less than \$13,000. While we had no intimation from any of the members of the firm until later, we were right in saying that rebuilding would commence as soon as it could be started, and as good stock put on sale as formerly carried.

There is an individual residing in Brookfield who has suggested that we come to that city for pointers on how to write up matters and things for a newspaper. We will accept the invitation about the time the Bock is on the rampage, and call on him weekly until cold weather for all the fomentation he can hand out to us. If any other editors are interested, the particular school of journalism referred to is presided over by Nancy Hanks, to whom we commend them with a solicitously receptive disposition akin to ours.

Mrs. W. E. Williams imported a fine Barred Rock chicken last week and Mr. Bird was a dandy.

Mrs. Joseph Barnhart of Sumner submitted last week to an operation for removal of a tumor the operation being performed at a Kansas City hospital.

Suffered with Throat Trouble.

MR. E. W. D. BARNES, McMinnville, Tenn.

Mr. Barnes used to be a sufferer of Warren County, Tennessee. From exposure to the elements he acquired throat trouble. He supposed that his health was entirely ruined, in spite of all the treatment he could procure. After using four bottles of Peruna, he claims that he was entirely restored to health. Catarrh of the throat is not only an annoying disease of itself, but it exposes the victim to many other diseases. We are constantly breathing into our throats numerous atmospheric germs. Disease germs of all sorts. This cannot be avoided. If the throat is healthy the system is protected from these poisonous germs. But if the throat is raw and punctured with numerous little ulcers, by catarrh, then the disease germs have easy access to the system. Keep the throat well and clean. This is the way to protect yourself against contagious diseases. Gargle the throat as explained in the new "Tills of Life," sent free by the Peruna Co., Columbus, Ohio. Mr. Barnes says: "I had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured."

Misses Elizabeth and Helen White were visitors in Moberly last week.

J. Simcox of Glasgow has taken the majority of the stock in a new ice plant proposed for that city.
